5) In Notification No 767-8/R F 55-92 dated 2/18-7-1892, Government directed that no new buildings or extensions of the existing ones shall be erected in Rajamahal Upparahalli and Dobbspet, Bangalore City, without the express previous permission of the Government In June 1941, the Municipal Commissioner, Bangalore City, forwarded for the orders of Government a copy of the resolution of the Municipal Council dated 15th March 1941 to the effect tha the above prohibitory orders may be withdrawn and licenses granted for fresh constructions.

6) As per orders of the Dewan in para 20 of the notes in the Municipal file 22-41 (43-51) put up as reference, the Huzur Secretary to His Highness the Maharaja was requested in this office letter No. L 8148, dated 9th March 1942 to state if it is desired that the question of the acquisition of the properties in the said area be taken up The Huzur Secretary, in his letter dated 4th April 1942, replied that the question may be allowed to wait for one more year This fact was intimated to the Municipal Commissioner in this office letter No 10885/M1 22-41-51 dated 13th May 1942

7) Again, the Municipal Council have, at their meeting held on 4th November 1942, resolved that licenses be granted to such of the owners for the construction of buildings in Rajamahal Upparahalli and Dobbspet who undertake by means of a mutchilika not to claim any compensation for such new constructions, in case such buildings are acquired in any general acquisition scheme

17) The point for consideration is whether the older notifications are still in force and if so whether they are not sufficient for the purpose in view and whether action under s 116 of the City Municipal Act is quite necessary

18) Kind reference is invited to the following -

(1) File no 2590 (Flag R) Notfn of July 1892, prohibiting the erection of buildings, sinking of wells, or carrying on of any extensive excavations in certain areas in B'lore. This is also quoted as in force in the Rev Manual Vol I Para 211, to the same effect that no new buildings can be constructed in lands acquired for public purposes without express sanction from Govt

(2) Notfn 7200-d-27-3-1916 (Fg Q) diverts certain improvements to Palace Cliffordhalli

(3) No 1076 d 24-8-27 (Fg D) that punca houses may be permitted to be repaired, but no buildings are to be erected under No 1892 repudiating those of 1868 and 1872 as the best course under the circumstances

(4) File 67-1910 (Fg 5) shows that permission was refused for converting agricultural land into building sites

(5) File 92-39 (Fg 4) shows that permission was given for construction of houses in a certain locality in the prohibited area

(6) No. L 1214 d 12 8 35 (Fg 2) prohibits the area in the neighbourhood of ~~Tiruvengadaswamy~~ Mudaliar's house for building purposes under S 116 of the City Municipal Act of 1933

(7) The Government Advocate has pressed (Flag K) in the a previous case that the notification of 1892 has the force of law, and as such can be enforced by Govt, that the new Municipal Act does not expressly repeal it and as it is not in any way inconsistent with S 116 of the said Act, it cannot be deemed to have been repealed by necessary implication

Re the question whether the party who is prevented from his building on his own land under the above notification is or is not entitled to compensation, the learned Govt Adv pressed that the question depended upon

whether private rights were acquired prior to or subsequent to the notification concerned

It is therefore suggested that 'the best way to avoid difficulties would be to acquire the entire area

(8) On File 22-41 (Fg G) re the resolution of the Municipal Council in the matter of withdrawal of prohibitory order it was suggested that there was no need to withdraw the notification, but certain improvements were suggested as per G O of 1916 and that the Huzur Sy to H H the Maharaja may be addressed in the matter of acquisition The question of acquisition was, however, allowed to wait for one more year in 1942

(9) The Law Sy has opined (Fg E) in the previous case re the resolution of the Municipal Council to grant licences for construction of houses in the prohibited area that the action under S 116 will involve complications and that a draft may be put up for preventing the conversion of lands into building sites, that the notifications of 23-4-1868, 24-10-1872 have stood the test of time and have been legally enforced without being questioned that it is not safe to interfere with it in any way by repealing

to any fresh notification under S 116 of the CN Act, that S. 63-64 of the Mysore Land Rev Code also give Govt sufficient powers to deal with the matter

19) The Saving clause and the Schedule to the City Municipal Act 1933 amply support the existing order, viz that no new buildings could be constructed in the prohibited area and lands converted into non-agricultural purposes but, the repairs to the existing houses could be permitted, without the express sanction of Govt. Under these circumstances it appears that the older notifications have the force of law and no action under S 116 of the CN Act is not fresh necessary

NKH 9844

20) The above with regard to facts of the whole case I do not think any fresh action under Sec 116 of the C-C Act is necessary in so much as the old notifications are still in force vide Para E, where an identical question was discussed.

The Municipal Commissioner,
Bangalore City Municipal Council, Bangalore,
THROUGH
the President

Sir,

I am directed to forward herewith a copy of Notification No L /ml 22-42- dated prohibiting the erection of buildings on certain survey numbers in the Rajamahal Upparahalli village, together with a map of the said area and to state that a few temporary sheds standing on the prohibited land which are evidently built unauthorisedly may be got removed The owners of the Surve numbers in question may also be informed of the above order passed by the Government

2 A report of action taken in this behalf should be submitted to Government before the end of May 1943

3 Improvements to old houses and construction of new ones in Rajamahal Upparahalli and Dobspet and on all lands adjoining them except the survey numbers prohibited as above to be built upon may be permitted, subject to sanitary and other rules in force No storeyed buildings should however be allowed in Rajamahal Upparahalli village, owing to it proximity to the Palace The Licensing Officer should be definitely informed of this order of Government and strictly instructed to enforce this condition

Government observe that, contrary to the

p t o.

instructions conveyed from time to time, additions to old houses and construction of new ones have been permitted by the authorities concerned in the above village and that no serious attention has been paid till now to the unsatisfactory Sanitation of the village It is therefore necessary to take urgent steps to open out the congested parts, make the roads wider and improve the drainage and the general appearance of the village as a whole

The Director of Public Health has been separately requested to inspect the said village in company with the Govt Architect and submit proposals for improving the existing village proper, in view of its being very close to the Palace I am to request you to render every help to the said Officers to inspect the area and submit a report to Govt accordingly

I have etc

BANGALORE CITY MUNICIPALITY

Proceedings of the Meeting of Council dated 4-11-1942

6 Mr V K Govindarajulu to move -

Resolved that licenses be granted to such of the owners for construction of buildings in Rajamahal Upparahalli and Dobspet who undertake by means of a mutchalika not to claim any compensation for such new constructions in case such buildings are acquired in any general acquisition scheme

Mr V K Govindarajulu moving the proposition observed that the prohibitory order in force now was a great obstacle in the way of residents of the locality enjoying their normal rights and privileges Even if the building required urgent repairs, the same would not be given with the result the party would be placed in grave risk to his life and property The prohibitory order came into existance because of the military camping there and very recently prohibition on the sides of Cunningham Road has been withdrawn Since their previous resolution requesting Government to cancel the prohibitory order had not been sanctioned by Government, he had moved this proposition as a sort of interim arrangement till final orders were received on that resolution Licenses may be issued to those who were willing to bind themselves to a mutchilika that they would not claim any compensation for the constructions, in case of acquisition

Mr W H Hanumanthappa seconded the above and said that during his regime as President, a reference had been made to remove the prohibitory order and nothing had been done so far There has been an agitation from the residents of the locality since the time of Mr Machia and it was high time the Municipality thought of giving some relief to them The present proposition would give such a relief and may be sanctioned

Mr. K N Ramaswamy further supporting said that they may get a registered mutchalika from the people

Mr C N Narasinga Rao opposing it said that this prohibitory order came into existance because of the nearness of the palace Big and high buildings, if constructed nearby would affect the

gosha in the palace and hence such constructions were prohibited It was because of this, the Municipal Council had to keep quiet so long The Council should try its best to get this prohibition removed and not be content with this via media policy as suggested in the proposition If they yielded to this via media step, they would be placing the ratepayers of the locality in an awakward position. Better to get the restriction completely removed than yield and agree for a via media policy

Mr. A R A Basith seconded the above observations of Mr C N Narasinga Rao

Mr T Gangadharaswamy further supporting Mr V K Govindarajulu said that since the locality was included in Municipal limits it was but right that the Council, should give the residents the facilities the other residents in Municipal limits were enjoying Either they should do this, or declare that this area is outside Municipal limits

Mr V K Govindarajulu replying to the objections raised by Mr C N Narasinga Rao said that the Council had already recommended for the removal of the prohibition order and this was pending in Government Since the people of the locality were put to great trouble and since there was delay in getting the orders from Government, he had moved this proposition just to give the ratepayers of the place some relief As regards construction of big houses, some really good and big houses have come up there Some licenses were given during the regime of the previous Commissioners but now the restriction is severaly imposed It is high time they thought of giving some relief as suggested in his proposition

Then the proposition of Mr V K Govindarajulu was moved and passed, 9 voting for and one against

FROM

To

The Secretary to the Government
of His Highness the Maharaja of Mysore,
Law Department, B a n g a l o r e

Sir,

Acquisition of properties in the Palace Upparahalli Village,
Bangalore City

With reference to your letter No L 7371/22-42 dated 28-1-1943, I am directed to state as follows -

1 The area indicated by light green line in the accompanying village map comprising whole or portions of Survey Numbers may be treated as prohibited area for the construction of dwelling or other houses It may be demarcated by means of boundary marks after getting it properly measured by the Superintendent of Survey A few temporary sheds standing on this prohibited land and evidently unauthorisedly built may be got removed A statement showing the Survey Numbers or portions of Survey Numbers comprising the prohibited area is also sent herewith

2 The owners of the Survey Numbers within the area specified to be prohibited may be informed of the order to be passed by the Government

3 In Rajamahal Upparahalli and Dobbspet and on all lands adjoining them except the area specified in paras 1 and 2, improvement to old houses and construction of new ones may be permitted subject to sanitary and other rules in force Further no storeyed buildings may be allowed in Rajamahal Upparahalli village owing to its proximity to the Palace

4 Furthermore, Rajamahal Upparahalli is very close to the Palace and is in a prominent part of the city Contrary to the instructions conveyed

from time to time, additions to old houses and construction of new ones seem to have been permitted by the authorities concerned No serious attention seems to have been paid till now to the sanitation of the village It would be desirable to open out the congested parts, make the roads wider and improve the drainage and the general appearance of the village as a whole The Director of Public Health and the Government Architect may inspect the village and submit to Government how the existing village proper may be improved in view of its being so close to the Palace

I am to request you to be so good as to take necessary action on the lines indicated above

For purposes of reference and for being sent to the officers concerned for their use, I have sent separately ~~two~~ three spare maps of the village and statements of Survey Numbers comprising the area to be treated as prohibited

I have the honour to be,

Sir,

Your most obedient servant,

Huzur Secretary

Sir,

With reference to your letter No. C2-C-1048/40 dated 1/8th December 1942 re the construction of buildings in Rajamahal Upparahalli and Dobbspet, I am directed to forward herewith a map of the Rajamahal Upparahalli village showing the whole or portions of survey Nos as indicated by light green line ~~in~~ the which ~~may~~ should be treated as absolutely prohibited area for the construction of dwelling or other houses. These will be demarcated by means of boundary marks after getting them measured by the superintendent of survey to whom instructions have been separately issued. A few temporary sheds standing on the prohibited lands, ~~so~~ evidently unauthorisedly built may be got removed immediately. A statement showing the survey numbers ~~xxx~~ or portions of survey numbers ~~xxxx~~ comprising the ~~prohibited~~ area is also sent herewith.

Please fix limits of the jail.

In Rajamahal Upparahalli and Dobbspet and on ~~all~~ lands adjoining them except the area specified above, improvements to old houses and construction of new ones on the existing village sites included in the village area may be permitted, subject to sanitary and other rules in force. Further, no storied buildings may be allowed in the immediate Rajamahal Upparahalli owing to its proximity to the Palace. The Licensing Officer should be definitely informed of this order of Gov and strictly instructed to enforce this -

condition.

Government observe that, contrary to the instructions conveyed from time to time, additions to old houses and construction of new ones have been permitted by the authorities concerned in the above village and that no serious attention has been paid till now to the improvement of sanitation of the village. My dear Mr. Narayanaswami Naidu,

With reference to your phone message of this day to the Head Quarter Officer in the matter of the demarcation of the prohibited zone near the Bangalore Palace, I write to inform you that the said work of demarcation is learnt to have been attended to immediately on receipt of the reference. The usual practice in this Department is for the party concerned to put these demarcation stones at the points fixed and shown by the Surveyor. In this case as the Superintendent of the Palace was not prepared to get the stones and plant them, the Supervisor and Surveyor had to seek instructions of their superior officer. This officer instead of seeing the Deputy Commissioner and getting this done immediately made a reference to this office. As soon as I came to know of it, I immediately got the necessary funds sanctioned. I ordered further that proper stones duly engraved with letter P A. may be put up.

This amount was made available to the Supervisor only yesterday evening and he is already at the work. I have already issued instructions that pending preparation of proper stones, temporary stones should be put up before this evening and the fact reported to me. You will thus see that everything possible has been done. I have asked the District Survey Officer to see you personally and explain matters. He will also see the Palace Superintendent and inform him of the above facts.

It is hoped that proper stones will be ready in the course of next 2 or 3 days when the temporary stones will be replaced by these.

Thanking you for your kind enquiry.

Yours sincerely,

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

Order No. 2489-91 / 25-7-44

Dated, Bangalore, the June 1944

In inviting attention to the marginally noted notifications regarding the prohibition of the erection of buildings, sinking of wells or any ~~extension of~~ extensive excavation for any purpose whatsoever in certain areas in Bangalore City detailed therein, the Government direct that in view of the importance of the ~~requiring~~ locality, ~~concerned~~ in question, no permission should be granted by the Deputy Commissioner under section 63 of the Land Revenue Code for the appropriation of agricultural lands assessed to revenue within the above areas for non-agricultural purposes without the previous sanction of Government in each case. A list of survey numbers in Palace Upparahalli village in respect of which the above restriction should particularly be observed is appended to this order

Subject Acquisition of properties in Palace - Upparahalli now called Vasantanagar for the improvement of the locality

---

1) With reference to the above, I have the honour to state that the said acquisition scheme was taken up by this - Municipality as per instructions issued by the Palace Huzur Secretary as well as Government in their letter No L 2529/M1 22-42, dated 24-6-1943, to improve the locality by means of - removing congestion Accordingly plan and valuation statement were got prepared by the Municipal Engineer and the same were first approved both by the City Improvement Committee and the Municipal Council on 1-4-1943 and 19-11-1943 respectively

2) Then the preliminary notifications were got published in the Mysore Gazette dated 8-1-1944 to hear objections under - Section 5A of the Land Acquisition Act The objections were heard by the undersigned and along with the same, final declaration statements were sent to Government in this Office letter No L1-675/43 dated 9-6-1944 The Government have sanctioned the acquisition in their order No L 2794-7/M1 22-43-80 dated 26-6-1944 and further acquisition proceedings were stopped for want of receipt of spare copies of notifications from the Compiler, which is under correspondence

3) In the meanwhile, one Municipal Councillor, Mr M V Veerappa, moved a proposition before the City Improvement Committee held on 19-5-1944, for re-examination of the scheme of Vasant Nagar acquisition and it was resolved that this subject should be taken up after and along with the comprehensive scheme of the Government Architect is received in this Office A copy of the C I C resolution is enclosed herein for favour of kind reference

4 In this connection a representation has been received from the residents of Vasant Nagar on 28-4-1944 requesting to complete the present scheme of acquisition as early as possible The same is enclosed for favour of reference and return

5 Hence I request that clear instructions may kindly be issued

issued in the matter as to whether the further acquisition proceedings be continued or stopped as per C I C - resolution

Dear Sir,

We, the Residents of VASANTH NAGAR (Rajamahal Upparhalli), beg to bring these following urgent facts for your kind and immediate consideration -

1. That on our sending a petition in or about August 1943, you were pleased to sanction a scheme for the formation of Roads, as a first step for effecting improvement to our NAGAR, and recently we were elated to find that necessary acquisition proceedings are also started for the formation of roads We are very grateful to you for all these

2. That from the Agenda for the monthly meeting of the Municipal Council for March 1944, we are surprised to find that there is a resolution for the postponement of the said acquisition scheme Under no circumstances, we the residents want the present scheme to be postponed After a very great struggle, the prohibition in the Area was removed, and the extension has been named as VASANTH NAGAR by our popular Minister for Local Self Government, Mr H B Gundappa Gowda, B A , B L Besides, the Palace authorities are also pressing for immediate improvement in the Area due to its proximity to Palace We urge that acquisition proceedin s are expediated, and roads opened with least delay possible

3 That we have already sent a petition that we are willing to have roads layed out in the place BUT WE strongly urge that to such of the owners who are deprived of their residences due to acquisition, municipal sites should be given in exchange, if possible bigger in size, so that houses springing might be more sanitory

4 That the adjourned meeting of the Council is fixed on the 24th Inst , and on that day, we pray you would inform the Council of the intention of the residents, and see that under no circumstances, the work already undertaken, is postponed

5 That as a first step, the Main roads in the place might be taken with advantage, and the cross roads straightened and the scheme completed Thanking you,

Yours most obediently,

OFFICE OF The Government Architect in Mysore, P.W.D., Bangalore.

Date 17-6-1945

To The Director of Public Health in Mysore, Bangalore.

Sir, Re: Reconstruction of Rajamahal Upparahalli (Vasanthanagar).

With reference to your No.C.14-616 dated the 19th October 1944, I have the honour to return herewith the layout plan for the proposed reconstruction of Rajamahal Upparahalli, for favour of submitting it to Government.

The suggestions desired by the Health Officer have been incorporated in the layout plan.

Meanwhile I would suggest that the Improvement Trust Board and the Municipal Engineers may kindly be addressed for the preparation of estimates for the acquisition, dismantling of buildings, forming of roads and sites etc., and also the amount which could be expected from the sale of the newly formed sites.

Proposals may also be called for for the temporary housing of people evicted by the dismantling of structures unfit for human habituation.

The slum clearing work in the second half of Vasantanagar may be taken up after collecting experience with the 1st stage of the scheme.

I have etc.,

Sd/- O. H. Koenigsberger,
Government Architect.
